School has right idea with clean trophy

Following the decision by the Welsh Rugby Union (Celebrate Friendship, make someone smile', Western Mail, November 7) to ban the trophy from being presented to the winner of a match if it has been kissed by a player, I

World Service is a waste of money

There is a great deal of talk about how Welsh jobs are hostile to the British language, while questions are not asked about how Welsh jobs are lost to Welsh because so little Welsh is spoken. Perhaps the Welsh Government should be spending more time on promoting the language.

What about the amount of money spent by the Welsh Government on promoting the Welsh language? The great deal of Welsh receives from London is a drop in the bucket compared to the amount it spends on promoting the Welsh language.

Perhaps the Welsh Government should be spending more time promoting the BBC's World Service (£85m a year ?? 16). Do people even question if the World Service is a waste of money or even if it is necessary?
